

# THE HOT LIST

WHAT WE'RE OBSESSED WITH RIGHT NOW.

## Supportive sports bras

Finding the right sports bra isn't any easier than dialing in the correct lingerie bra size; you just have fewer options to choose from—until now. After nearly 600 hours of research, Nike recently released its revamped Pro Bra Collection. The most supportive style in the line is the **Nike Pro Rival bra** (\$65; [nike.com](http://nike.com)), which comes in 25 sizes, from 30B to 38E. In addition, there's a fit calculator, in stores and online, to help women find their exact measurements. (Do we hear the sound of other companies scrambling to do the same?)

## CHIC NOTES

Handwritten thank-you messages never go out of style, but boring beige paper certainly does! Give your heartfelt missives a classy upgrade with the Diptyque and Paper Tigre stationery line (\$30 for a set of 6 cards; [diptyqueparis.com](http://diptyqueparis.com)). Bold, bright colors and elegant prints speak volumes about the well-mannered sender.

## Polished palettes

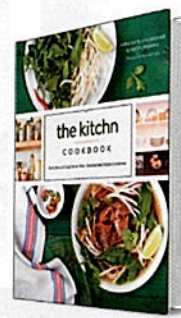

When you finally find a nail color you lust over, why stop at your fingers and toes? OPI Nail Lacquer has teamed up with Ace Hardware for the **OPI Color Palette by Clark+Kensington wall paint**. The line contains 18 of the mani label's iconic shades, including hues Do You Lilac?, My Pointe Exactly, and Can't Find my Czechbook (from \$26; Ace Hardware stores).
